DIVA EVO

PROEL

DIVA EVO SERIES

THE EVOLUTION OF POWER.

Power, precision and control come together in a new generation of professional sound systems.
Three models featuring 2000 W amplification, designed to deliver outstanding performance, app control and an immersive sound experience in any application.

DIVA12EVO | DIVA15EVO | DIVASUB18EVO

ENGINEERED TO PERFORM.

A NEW LEVEL OF POWER AND CONTROL.

The new DIVA EVO series marks the evolution of PROEL active loudspeaker systems, combining advanced technology, acoustic performance and ease of use.
Designed to meet the needs of sound professionals, the range features powerful 2000 W amplifier modules, digital signal processing and app control, delivering intuitive operation and highly flexible sound management.
The DIVA12EVO and DIVA15EVO loudspeakers also feature Bluetooth Stereo Streaming for convenient wireless music playback.
From live performances and DJ sets to events and professional applications, DIVA EVO delivers the versatility you need to handle any situation with confidence.

SMART TECHNOLOGY. PROFESSIONAL PERFORMANCE.

2000 W OF POWER

A powerful 2000 W Class D amplifier module, designed to deliver power, dynamics and reliability even in the most demanding applications.

ADVANCED DSP

Digital signal processing and FIR filters provide precise control over acoustic performance and accurate, detailed sound reproduction.

APP CONTROL

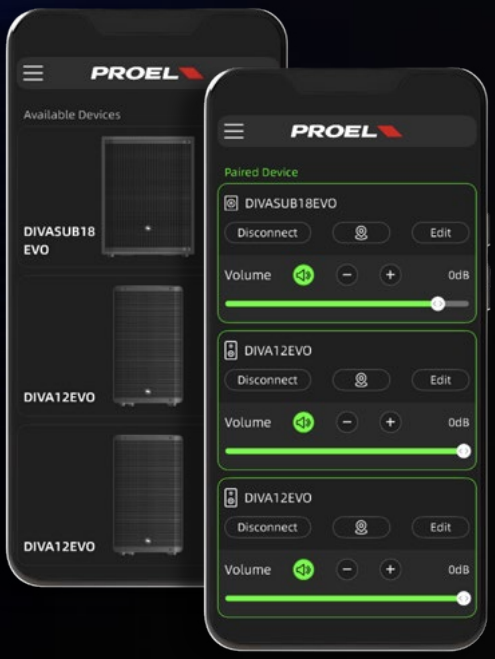

Intuitive management of audio parameters directly from your smartphone or tablet, for convenient, immediate control.

BLUETOOTH STEREO STREAMING

Wireless stereo audio playback via Bluetooth, available on the DIVA12EVO and DIVA15EVO models, for greater freedom and flexibility.

LCD DISPLAY

High-definition colour LCD display.

ONE SERIES. A COMPLETE SOUND.

THE RIGHT SOLUTION FOR EVERY PERFORMANCE.

DIVA12EVO and DIVA15EVO can be used as standalone systems or paired with DIVASUB18EVO to create complete setups that deliver extended frequency response and immersive sound.
From the most compact setup to a system with greater low-frequency impact, DIVA EVO offers the flexibility to build the right configuration for any application.

TWO LOUDSPEAKERS. ENDLESS POSSIBILITIES.

Two professional active loudspeakers, one shared design philosophy: delivering power, definition and flexibility for every sound reinforcement need.

DIVA12EVO

COMPACT IN SIZE.
BIG ON PERFORMANCE.

DIVA12EVO is a professional 2-way active loudspeaker with a 12" woofer, designed to offer the ideal balance of power, sound quality and portability.
Its 2000 W Class D amplifier module, integrated DSP, app control and Bluetooth Stereo Streaming make it a versatile, intuitive solution for musicians, DJs and professionals seeking outstanding performance in a practical format.

LIVE PERFORMANCES

DJ SETS

EVENTS AND PRESENTATIONS

MOBILE APPLICATIONS

DIVA15EVO

MORE POWER. MORE IMPACT.

When your performance demands an even stronger sonic presence.
Featuring a 15" woofer and a powerful 2000 W amplifier module, DIVA15EVO combines high output capability with extended low-frequency response, delivering a full, dynamic and engaging sound.
Integrated DSP, app control and Bluetooth Stereo Streaming make it easy to adapt the system's performance to different applications, while also offering the convenience of wireless audio playback.

LIVE PERFORMANCES

DJ SETS

EVENTS AND APPLICATIONS REQUIRING GREATER SONIC IMPACT

DIVASUB18EVO

FEEL THE POWER OF BASS.

DIVASUB18EVO is a professional 18″ active subwoofer designed to complement the DIVA EVO series with powerful, deep and controlled low frequencies.
Its 2000 W amplifier module and advanced DSP deliver precise sound reproduction and seamless integration with the loudspeakers in the series.
The option to create cardioid configurations using two subwoofers also optimises the distribution of low-frequency energy, providing greater control in professional applications.
